

SAND CAVES

EXPLORE

OFF THE BEATEN PATH:	NO
BEST SEASON:	YEAR ROUND
VEHICLE:	2WD
HIKING:	SHORT DISTANCE
AVERAGE TIME:	1-2 HRS
DIFFICULTY:	MODERATE
ELEVATION:	5577 FEET

What fills the eyes, gladdens the heart. Explore another beautiful local gem today! The Sand Caves are located 5 miles north of Kanab on the right side of the highway. These sand caves are easily accessed and can be seen from HWY 89. The hike itself is a short half mile round trip . These sand caves were man-made when they began mining the sand in the area. The mining process was short lived and we now have these spectacular caves to explore. While exploring these caves, you will notice much graffiti, please do not add to or deface them any further. If you still have time to spare, continue north on HWY 89 to Moqui Cave and check out dinosaur tracks, huge rock collections, native american artifacts and shopping.

GETTING THERE:

- From Kanab, drive 5.4 miles North on HWY 89.
- Just past mile post 69, turn right on the Best Friends Road.
- The parking area is immediately on your left, park and look for a well beaten path going north.
- The trail will lead you up the slick rock until you are on the same level as the caves.
- As you level out near the top stay close to the mountain side until you reach the caves.
- Please do not camp in or make fires in caves.
- If you have time check out Moqui Cave just north on HWY 89.

DISCLAIMER:

"This map and directions are intended for general reference use only. Always check local road and weather conditions. Stay on designated roads. Dirt roads are impassable when wet. Please respect Private Property. Be prepared for a wilderness experience: Always bring extra water, food, sunscreen, and supplies. Cell phone service is non-existent in most areas! Do not remove artifacts or deface the 'rock art'. Leave no trace of your visit so others may enjoy."
